

National Disaster Search Dog Foundation Fundraising Project

Connie Forslind's second grade class at **Rancho Romero Elementary School** and volunteer animal educator, Allyn Lee, have created a children's book, *A New Job for Pearl*. Each page displays a colorful illustration by one of the students. The books were beautifully produced by **Diablo Printing & Copying** in Danville.

This is the true story of Pearl, a homeless dog that became part of a search and rescue team through the National Disaster Search Dog Foundation. Their work benefits victims of disasters locally, nationally, and internationally. The recent major earthquakes in Haiti, Chile, Mexico, and China underscore the importance of canine search teams. Pearl traveled to Haiti with Fire Captain Ron Horetski and the California Task Force 2 team. They worked to locate and rescue people trapped in the rubble.

The owners and several agents of **People & Properties Sotheby's International Realty** made this book possible. Their generous sponsorship allows us to donate 100% of proceeds to support the **National Disaster Search Dog Foundation**, based in Ojai, California. Our goal is to raise the \$10,000 needed to sponsor the training of a search dog. Please visit their website www.searchdogfoundation.org for information, photos, and videos. Thank you for your support!

To purchase *A New Job for Pearl*, please complete the form below and return to
Rancho Romero School, 180 Hemme Drive Alamo, CA 94507 with a check made payable to RRPTA. Books are available in the office or can be mailed to you.

.....

I want to support the students with my purchase of *A New Job for Pearl*.
